SUMMARY

The Department of Resources Recycling and Recovery (CalRecycle), Audits and Evaluations Unit, performed an audit of Fresno County regarding the Local Government Waste Tire Cleanup and Amnesty Grants. The audit included a review of internal controls, receipts, expenditures, and compliance with the provisions relating to grant agreement numbers TCA1-05-0010 and TCA2-06-0034.

BACKGROUND

Fresno County (County), a political subdivision of the State of California governed by an elected Board of Supervisors, exercises the powers specified by the Constitution and statutes of the State. The County's reporting entity includes all significant organizations, departments, and agencies over which the County's Board exercises oversight and budgeting responsibilities. The County's Resources Division has general responsibility for these grant projects. The integrated waste management enforcement programs are primarily carried out through Local Enforcement Agencies or by CalRecycle acting as the Local Enforcement Agency (LEA).

CalRecycle receives an annual appropriation from the California Tire Recycling Management Fund to administer the Tire Recycling Act [Chapter 17 as added by SB 937 (Vuich), Statues of 1990, Chapter 35] and related legislation, of which a portion is allocated for Local Government Waste Tire Cleanup and Amnesty Event (TCA) grants. The TCA grant provides funding to local governments as well as California Indian Tribes, for the cost of cleanup, abatement, or other

remedial actions related to the disposal of waste tire collected at cleanup projects and amnesty events.

OBJECTIVE, SCOPE, AND METHODOLOGY

The audit objective was to verify whether the program related costs, reimbursed by CalRecycle to the County, were reasonable, allowable, and allocable in accordance with the fiscal requirements and other provisions of the grant agreements as well as applicable Federal and State regulations.

The audit scope included, but was not limited, to a review and evaluation of the adequacy and accuracy of the documents submitted to CalRecycle by the County in support of the claim for eligibility.

The audit was conducted in accordance with *Government Auditing Standards*. The standards require that the audit be planned and performed to obtain sufficient and appropriate evidence to provide a reasonable basis for the finding(s), if any, and conclusion based on the audit objective.

CONCLUSION

The County was in compliance with TCA grant funding regulations for the audit period of June 30, 2006 through June 30, 2008.
